Christmas Party Organiser Payment Record

We understand it can be stressful this time of year for the party organiser, so we have produced this payment record for **your use** (if you wish) to help you keep track of your party members payments. We would ask though that the Party Organiser or their representative must make all group payments to us.

We cannot accept part payments from individual party members. We apologise for any inconvenience. An extract from the Terms & Conditions regarding payments is below.

Group Name	**Party Date and Time**
